### Purpose

This policy outlines our procedures for a balanced and responsible approach to the service, supply, consumption and promotion of alcohol at club games, special events, functions and other club-related activities. It represents our club's commitment to its members, volunteers and visitors, acknowledging the role that sporting clubs and associations play in building strong and healthy communities.

This policy will help to ensure our club:

- Meets its duty of care in relation to the health and safety of our members, volunteers and visitors who attend any club games, special events, functions and other activities where alcohol may be consumed.
- Upholds the reputation of our club, our sponsors and partners.
- Understands the risks associated with alcohol misuse and our role in minimising this risk.
- Complies with a valid liquor licence and associated terms and conditions where appropriate.

More information about how to implement this policy and why it's important can be found at <https://portal.goodsports.com.au/app/policy/>.

### General Principles

A risk management approach will be taken in planning events and activities involving the sale, supply or consumption of alcohol. Such events and activities will be conducted and managed in a manner consistent with liquor licensing legislation and this policy.

Alcohol use can lead to risk taking, unsafe, unacceptable and/or illegal behaviour. Excessive consumption of alcohol will not be an excuse for unacceptable behaviour, particularly behaviour that endangers others or breaches the law, this policy or any other policy of the club.

### Policy Review

This policy will be reviewed annually to ensure it remains relevant to club operations and reflects both community expectations and legal requirements.

Visit: [www.goodsports.com.au](http://www.goodsports.com.au) for information regarding the Good Sports program.

A person is defined as in a state of intoxication if their speech, balance, co-ordination or behaviour is noticeably affected and there are reasonable grounds for believing that this is the result of the consumption of alcohol.

### Alcohol

- Our club is committed to only having alcohol free functions and events, including not having functions and events at licenced venues.
- Our club is committed to promoting water as the drink of choice, as consumption of healthy food and drink can contribute to good health and well-being and also supports good performance on the [field/track/court/pool].
- Our club will avoid providing awards (e.g. at end of season presentations) and fundraising prizes that have an emphasis on alcohol as a reward.

### Drugs

- Our club clearly sets out the responsibilities the club committee and individuals have for handling illegal drugs in the club setting.

### Education

- Our club will provide an opportunity for coaches, officials, members and volunteers to be educated about the risks and harms associated with alcohol.

### Leading by example

- Intoxicated people are not permitted to enter/stay in the club, and they are supported to get home safely premises. For the purposes of this policy, a person is defined as in a state of intoxication if their speech, balance, co-ordination or behaviour is noticeably affected and there are reasonable grounds for believing that this is the result of the consumption of alcohol.
- If a person becomes intoxicated (and is not putting other people at risk with their behaviour) the person will not be served alcohol but will be provided with water and options for safe transport home from our club, where available.

If a person becomes intoxicated (and is putting other people at risk due to their behaviour) the person will be asked to leave our club premises immediately and offered safe transport options, where available. Police may also be contacted to remove the person, if required.

- Whilst engaging in club activities, members, volunteers and visitors will not post images on social media of themselves or others drinking alcohol irresponsibly at club-related activities.
- Our club recognises mixing drugs (including prescription medication) with other drugs or alcohol can seriously affect the ability to drive safely. Driving when over the legal blood alcohol limit is illegal and hazardous to individuals and the wider community. If any committee members, members, players or officials are suspected of being under the influence of alcohol or other drugs, our club will take steps to help them get home safely. For example, offer them a ride home or call a taxi or sober person to collect them.
- Our club will monitor and ensure any club trips, particularly end of season player trips, strictly adhere to responsible behaviour and alcohol consumption in accordance with the principles of this policy and the values of the club.

### Process

- Whilst engaging in club activities, members, volunteers and visitors:
  - Will accept responsibility for their own behaviour, and take a responsible approach and use good judgment when alcohol is available
  - Will encourage and assist others to use good judgment when alcohol is available.
  - Will not compete, train, coach or officiate if affected by alcohol
  - Will not provide, encourage or allow people aged under 18 years to consume alcohol
  - Will not participate, pressure anyone or encourage excessive or rapid consumption of alcohol (including drinking competitions)
  - Will not provide alcohol only as an award to a player or official for any reason
  - Will not post images on social media of themselves or others drinking alcohol irresponsibly at club-related activities.
- Club committee members will uphold this policy and any non-compliance will be handled according to the following process:
  - Explanation of the policy to the person/people concerned, including identification of the section of policy not being complied with
  - Continued non-compliance with the policy should be handled by at least two committee members who will use their discretion as to the action taken, which may include asking the person/ people to leave the facilities or function.
